Workshop Outline

- This workshop will focus on the underpinning knowledge required to implement language immersion into bilingual teaching. The workshop also focuses on knowledge required for implementation of the Early Years Foundation Stage as well as the Bavarian national guidelines from Das Bayerischen Kinderbildungs/und Betreuungsgesetz (BayKiBig).
- This will include looking at how children learn and develop, the themes and commitments and the role of the adult, together with an introduction to the six areas of learning and development. Future course will examine each of these six areas in more depth.

Delegates will get the opportunity to:

- Develop an understanding of the L2 (Language via immersion method) and how it supports children's learning.
- Looks at the theory of immersion method, topics and commitments to early years teaching.
- Identify effective practice and make links to the EYFS, BayKiBig), including the importance of daily routine and day to day working of the kindergarten.
- Acknowledge the important role the environment has to play in children's learning and development.
- Consider appropriate experiences to meet the needs of every child.
- Acknowledge that children learn and develop in different ways and that high quality adult with child interaction is crucial to children's learning and development.
- Consider how to engage effectively with young children, including how to scaffold and extend children's growing knowledge and understanding through continued events and shared thinking.
- Consider the need for a holistic approach to working with young children.

The cost of two-day workshop is Euros 120, including light refreshments and lunch. (Participants considering coming for one-day workshop, the cost is Euros 70.
